CO-OPERATIVE ASSOCIATIONS
IN CANADA

1931

To the Hon. Senator G. D. ROBERTSON, LL.D.,
Minister of Labour.

SIR,—I have the honour to submit the Fourth Annual Report on Co-operative Associations in Canada, the volume as usual being prepared in the Labour Intelligence Branch. The Report, the arrangement of which is along lines similar to those of earlier volumes on the same subject, shows the development of the various phases of the co-operative movement in the Dominion.

I have the honour to be, sir,

Your obedient servant,

H. H. WARD,
Deputy Minister of Labour.

OTTAWA, August, 1931.

REPORT ON CO-OPERATIVE ASSOCIATIONS

INTRODUCTORY REMARKS

In the preparation of this, the Fourth Annual Report on Co-operative Associations in Canada, every known society in the Dominion was requested to send in the customary information. Where no response was received to the first application for particulars a second request was forwarded to the latest known secretary, and where this remained unacknowledged the name of the association is retained in the report with the information as furnished in 1930. With the exception that a new group comprising community hall societies has been added, the associations are grouped in the same manner as they appeared in earlier reports on the same subject, the arrangement being designed to indicate the development of the various phases of the co-operative movement in the Dominion. While most of the associations whose names appear in the report are registered under the provisions of provincial legislation pertaining to co-operative societies, there are in Ontario a large number of unincorporated companies and clubs doing business co-operatively, and in addition there are a considerable number of joint stock companies, formed, owned and operating in a co-operative way, which are incorporated under the joint stock company section of the Ontario Companies' Act. Appearing first in the list of associations is the name of the Co-operative Union of Canada, a Dominion-wide organization which was established in 1909 with a view to federating co-operative bodies and to propagate co-operative principles. The Union has 38 societies in affiliation, a decrease of 3 as compared with the number recorded in 1930. The three societies which withdrew from the Union were the Co-operative Trading Association of Sudbury, Limited; Ontario Workers' Co-operative of New Ontario, Limited, Timmins, and the Sointula Co-operative Store, Sointula, B.C. These three societies, it was stated, are dominated by Finnish communists, and they withdrew to form a co-operative union with other societies composed of members of the same nationality under the control of the Communist Party.

PRODUCTIVE CO-OPERATIVES

The associations whose names are recorded in the first group have been designated by their respective secretaries as productive. While the bulk of the societies so classified have small memberships, there are some which reported large followings, the one embracing the most members being the Saskatchewan Co-operative Creameries, Limited, with 37,000; the Northern Alberta Dairy Pool, Limited, has a membership of 2,765; and the Alberta Co-operative Sugar Beet Growers' Association, with three branches, 800 members. The Maple Syrup and Sugar Producers of Quebec did not report its membership for 1931, but in 1930 the association had 2,500 members. The last named body is identified with the Quebec Federated Co-operative, which has a combined membership of 10,000, and embraces a large number of local associations whose members are chiefly interested in the marketing of cattle, sheep, fish, poultry, eggs, etc., as well as in the distribution of commodities. The provinces represented in the productive group, with number of associations, are: British Columbia, 30; Quebec, 26; Alberta, 7; New Brunswick, 6; Saskatchewan, 4; Ontario, 3; Manitoba, 2, and Nova Scotia, 1.

MARKETING ASSOCIATIONS

Occupying first place in the list of marketing associations is the Canadian Co-operative Wheat Producers, Limited, which has a membership of approximately 145,000, comprised in the Manitoba, Saskatchewan and Alberta Wheat Pools. The Alberta Pool was the first organized (1923), followed by Saskatchewan and Manitoba, the three pools in 1924 establishing the central selling agency under the above name with headquarters in Winnipeg. In 1927 the United Farmers' Co-operative Company, Limited (Ontario), formed the Ontario Grain Pool as a unit of the company's business, the grain delivered by the members being sold by the Canadian Co-operative Wheat Producers, but in July, 1931, the Ontario Pool was discontinued, arrangements being made to serve the pool members

and other grain growers on the sale of their wheat and other grains on a commission basis. An essential feature of the Wheat Pools is an ironclad five-year contract which has stood the test of the courts, and is legally enforceable. This contract binds the farmer to deliver during the term of the contract all the wheat grown by him except registered seed wheat. From the proceeds of the sale of wheat the pool may deduct one per cent of the gross selling price for a commercial reserve, and may deduct an additional two cents per bushel for the purchase of elevators and facilities for the handling of grain. In the Saskatchewan Wheat Pool there are really four units: (*a*) Saskatchewan Co-operative Wheat Producers, Limited, the parent body; (*b*) Saskatchewan Pool Elevators, Limited, a subsidiary company formed for the purpose of owning and operating country elevators, and which owns and operates approximately 1,000 country elevators in Saskatchewan and five terminal elevators in Port Arthur, Ont.; (*c*) Saskatchewan Pool Terminals, Limited, formed for the purpose of operating the terminal elevators; and (*d*) Saskatchewan Wheat Pool Construction Company, Limited, the latter having been organized for the purpose of constructing elevators and other grain handling facilities necessary to the proper conduct of the business.

Saskatchewan Pool Elevators, Limited, like the parent society, is a co-operative non-profit institution. A handling charge is set at the beginning of the season and at the end of the year the actual operating expenses, depreciations, etc., are determined. Provision is made for the payment of interest on the amount of the capital stock which is held by the Pool for the growers who contributed the elevator deductions. Hitherto this dividend has been paid at the rate of 6 per cent per annum. A satisfactory reserve is set up and the surplus is then treated as an excess elevator charge and returned pro rata to Pool members on the basis of the number of bushels of grain delivered by them to Pool elevators. The interest paid by Pool elevators on its capital stock is credited to the individual growers contributing elevator deductions. The surplus arising from the operation of Saskatchewan Pool Terminals, Limited, is added to the surplus of Saskatchewan Pool Elevators, Limited, in making the above distribution.

During the crop year 1929-30 the Wheat Pools of the three Western Provinces delivered to Canadian Co-operative Wheat Producers 119,463,000 bushels of wheat, or 51·3 per cent of the total inspections in the western inspection division. The combined elevator and commercial reserves for the three western pools now total $28,981,590. The three pools operate 1,642 country elevators, and twelve terminals with a total storage capacity exceeding 96,000,000 bushels. The Canadian Wheat Pools exported directly 56,877,000 bushels of wheat. The pools' largest foreign customers were, in order named, Great Britain, Belgium and Germany, volume and export sales varying from 23,000,000 bushels to Great Britain to 2,250 bushels to Columbia. The Canadian Co-operative Wheat Producers, or Central Selling Agency, also sold 16,810,000 bushels of coarse grains in 1929-30. In addition to selling wheat and coarse grains delivered by pool members in the prairie provinces the Central Selling Agency sold the grain delivered by the 12,500 members of the Ontario Pool, a unit of the United Farmers' Co-operative Company, which is referred to in a subsequent section of this report.

Operating in the four western provinces is the Canadian Poultry Pool, Limited, through which the products of the co-operative poultry societies of Manitoba, Saskatchewan, Alberta and British Columbia are marketed. An important organization is the Canadian Livestock Co-operative, Limited, which was formed in 1929, and which has a membership of 75,000, comprised in associations located in different parts of the Dominion. The Canadian Co-operative Wool Growers, Limited, with affiliated associations in five provinces and wool collecting and grading stations from coast to coast, has a membership of 10,000. A co-operative of some importance, whose name appears for the first time, and which has a membership of 3,300, is the United Maritime Fishermen, which has absorbed all the other fishermen's associations in New Brunswick, Nova Scotia, Prince Edward Island and the Magdalens, and which in addition to the practice of co-operative principles, seeks among other things to promote and secure what is considered necessary and just legislation in the interests of fishermen. For the eastern provinces there is also the Maritime Co-operative Egg and Poultry Exchange, which has 2,300 members in Nova Scotia and New Brunswick.

There are 30 co-operative marketing associations in Nova Scotia, chief of which is the United Fruit Companies of Nova Scotia, Limited, which has 51 subsidiary companies identified with it. Very little information was received in regard to the sixteen marketing co-operatives in New Brunswick. The only Prince Edward Island society in the marketing group is an egg and poultry pool which has the large membership of 4,500. The Catholic Union of Farmers of Quebec has a co-operative selling agency, which is referred to in this section of

the report, and with which 88 local societies are identified. In this section is included 85 of the affiliates of the Quebec Federated Co-operative, the societies being grouped according to the commodity which they market.

The 46 co-operative marketing associations in Ontario deal in various commodities, the one reporting the largest membership being the Ontario Honey Producers' Co-operative Company, which has 1,396 members. Next as to members is the Ontario Fruit Growers' Association with 1,071 comprised in 8 affiliated bodies.

The province of Manitoba has some marketing associations with very large memberships, the largest being the Manitoba Co-operative Poultry Marketing Association, Limited, which has 15,311 members; next is the Manitoba Pool Elevators, Limited, with 10,400 members comprised in 155 local co-operative elevator associations, and which is the agency between the Manitoba Wheat Pool and the local associations, handling and controlling the associations' business and turning over the grain to the provincial Wheat Pool. Manitoba has an association of co-operative dairies, with a membership of 5,849, as well as a co-operative for live stock producers, the latter having 5,800 members. Of the remaining societies in Manitoba 50 are made up of local co-operative live stock producers.

Apart from the Wheat Pool, the Saskatchewan Co-operative Live Stock Producers, Limited, is the largest marketing association in the province, having 17,710 members; the Poultry Pool coming next with a membership of 7,633.

Although no returns were received from the Alberta Co-operative Live Stock Producers, Limited, or the Alberta Poultry Pool, Limited, the figures for 1930 are repeated, the first named having 39 local shipping associations in affiliation and the latter 2,500 members. There are also in Alberta local marketing co-operatives of live stock men, fishermen and dairymen.

Of the co-operative marketing associations in British Columbia the majority are made up of fruit and vegetable growers, one of these, the Associated Growers of British Columbia, having a membership of 1,965. The strongest numerically, however, is the Fraser Valley Milk Producers' Association which has 3,500 members; next comes the British Columbia Egg and Poultry Co-operative Association, with a membership of 2,063.

The total number of co-operative marketing associations is 333, divided as follows: Interprovincial, 21; Quebec, 86; Manitoba, 60; Ontario, 46; British Columbia, 40; Nova Scotia, 30; Alberta, 28; New Brunswick, 16; Saskatchewan, 5; and Prince Edward Island, 1.

PRODUCTIVE AND MARKETING

The strongest numerically of the associations in the productive and marketing group is the Prince Edward Island Potato Growers' Association, which reported a membership of 3,500; next comes the Central Alberta Dairy Pool, Limited, with 1,940 members, the First Co-operative Packers of Ontario, Limited, being third with 1,250. Provincially the associations in this group are divided as follows: Quebec, 19; British Columbia, 14; Ontario, 13; Saskatchewan and Alberta, 2 each; Nova Scotia, New Brunswick, Prince Edward Island and Manitoba, 1 each.

DISTRIBUTIVE SOCIETIES

Appearing first in the distributive group is the Scottish Co-operative Wholesale Society, Limited, a British association established as early as 1868, whose name appears in the list of affiliates of the Co-operative Union of Canada, and having an office in Winnipeg, which was established to secure a supply of wheat for the society's mills in Edinburgh and Glasgow, Scotland. The membership of the society in Great Britain is 741,705. The United Farmers of Canada, Saskatchewan Section, Limited, with a membership of 30,000, in addition to being a farmers' educational organization, seeks to promote co-operative distribution of farm supplies, and is an affiliate of the Co-operative Union of Canada. Other co-operatives engaged in the distribution of supplies, and which have large memberships, include the New Brunswick Agricultural Societies, United, with 7,000 members; the British Canadian Co-operative Society, Limited, a Nova Scotia body, with a membership of 3,530; the Alberta Oil Consumers' Co-operative, Limited, with 2,000 members, and the Industrial Co-operative Society, Limited, another Nova Scotia association, with 1,500 members. By provinces the societies in the distributive group are divided as follows: Saskatchewan, 179; Manitoba, 67; Alberta, 44; Ontario, 39; British Columbia, 28; New Brunswick, 14; Nova Scotia, 10; and Quebec, 1.

MARKETING AND DISTRIBUTIVE

Appearing first in this section is the name of the United Grain Growers, Limited, with offices in five provinces, and which under its charter has power to produce, manufacture, import, export, buy, sell, deal in and deal with all cereals, fruits, etc. It has an authorized

capital of $5,000,000, divided into shares of $25 each, and has a membership of over 30,000 comprised in 347 local associations. Another important society in this group is the United Farmers' Co-operative Company, Limited, an Ontario body, which in addition to handling the produce of its members, supplies all kinds of commodities to farmers. It is a farmer-owned and farmer-controlled concern with a capital of approximately $400,000 and a membership of 20,000. Among the other associations in this section are the Niagara Packers, Limited, an Ontario society, and the Associated Berry Growers' Co-operative Exchange and the Fraser Valley-Surrey Farmers' Co-operative Association, the two last named being located in British Columbia. Provincially the associations in this group are divided as follows: Interprovincial, 1; Ontario, 24; British Columbia, 9; Quebec, 6; Nova Scotia and Alberta, 5 each; Saskatchewan, 2.

CO-OPERATIVE BANKS

Under the section headed "Credit and Savings" is given information in regard to the Co-operative People's Banks (Caisses Populaire), a credit and savings plan which was founded in Quebec in 1901 by Commander Alphonse Desjardins, and which has developed to such an extent that there are now over 200 local People's Banks connected with the four district unions. The transactions of these banks are those of a mutual company, owing to the fact they generally loan only to their shareholders; these have the right of making deposits over and above the amount of their shares. This dual privilege makes them a savings and credit institution. They are a popular credit available to agricultural and industrial classes. The shares are generally fixed at $5, which may be paid in instalments. Both shares and deposits may be withdrawn on demand. The liability of each shareholder is limited to subscription, which generally does not exceed $2,000 per shareholder. For the year 1929, the latest for which figures are available, the co-operative banks had 44,685 depositors and 13,553 borrowers; the number of loans granted was 17,994, and the total of such loans was $4,249,650, the profits realized amounting to $645,616. There are three co-operative credit societies in Ontario, one of which was formed in Toronto in March, 1931, by the Amalgamated Clothing Workers of that city. One of the others is an organization for civil servants in Ottawa, and has a membership of 1,673. In this group there is also the Alberta Provincial Association of Credit Societies, a body with 41 local societies identified with it, operating under the provisions of the Co-operative Credit Act of the province, and which, inter alia, is designed to act as the intermediary between the members of affiliated societies and the department in charge of the Act.

COMMUNITY HALL SOCIETIES

In previous issues of this report the names of the societies which appear under this heading have been printed in the miscellaneous section, but the number of such associations continually increasing it was considered desirable to make a separate grouping. The function of these societies is to provide a meeting place for the residents of the districts in which they are located on a non-profit basis. Of the 69 associations in the group, 63 are operating in the province of Saskatchewan, four in Manitoba and two in British Columbia.

MISCELLANEOUS SOCIETIES

Besides the co-operatives whose names appear in the classified sections there are a large number whose secretaries have designated them as of a miscellaneous character, some of which combine educational features with their co-operative trading activities. One of the societies in this group is named the Association Opposing Compulsory Pool, which was formed in 1931 to combat the 100 per cent Wheat Pool in Saskatchewan. The membership fee of the association, which has no trading functions, is $1 annually, and the number of members reported was 150,000. Of the 150 societies in this group 68 of them are located in the province of Saskatchewan, the remaining 82 being divided by provinces as follows: British Columbia, 29; Quebec, 18; Alberta, 12; Manitoba, 9; Ontario, 8; New Brunswick, 5 and Nova Scotia, 1.

NUMBER OF ASSOCIATIONS AND MEMBERSHIP

The total number of associations whose names appear in the report is 1,132, the bulk of which made returns direct to the department. Where no return was received, as mentioned earlier, the information as to officers and membership as supplied in 1930 has been used in the present report. The following statement gives the number of societies, provincially arranged, in each group into which the co-operatives are divided, together with the respective memberships, the grand total of which is 756,420.

MARKETING

Appearing in the first place in this group is the Canadian Co-operative Wheat Producers, Limited, followed by the three western Wheat Pools, and four associations whose operations are not limited to any particular province, the remaining co-operative marketing associations being provincially arranged.

Canadian Co-operative Wheat Producers, Limited—

Organized July 28, 1924. Number of members, approximately 145,000 in three provincial wheat pools.

This organization is the central selling agency of the Manitoba Wheat Pool, the Saskatchewan Co-operative Wheat Producers, Limited, and the Alberta Wheat Pool, each of which is represented on the executive board. These Wheat Pools are in themselves separate and autonomous associations, organized under provincial charter in their respective provinces, and are constituted on a strictly co-operative, non-profit basis. The proceeds received from the grain, minus the cost of selling, are returned to the primary producer. A small percentage is retained as a reserve fund, each farmer being credited with the amount deducted, on which interest is paid at the rate of six per cent per annum. It is claimed that the Western Canadian Wheat Pool is the world's largest wheat marketing organization. The chief objects of the Wheat Pools are: (1) to promote, foster and encourage the business of growing and marketing wheat co-operatively; (2) to eliminate speculation in

Maritime Co-operative Egg and Poultry Exchange (Interprovincial)—
Organized January 20, 1927. Number of members, 2,300.

The first egg circle in Nova Scotia was formed in 1922, and the above organization was established in January, 1927, as a result of the federation of the various egg and poultry selling circles operating in both Nova Scotia and New Brunswick. For organization purposes these provinces are divided into six zones, each zone being represented on the board of directors of the central body by one director. The headquarters of the organization are at St. John, N.B., and there is a grading station at Truro, N.S.

Objects.—(1) To encourage economy in production; (2) to encourage the production of poultry and eggs of the type and quality suitable for the market; (3) to sell according to grade, and to market at the most profitable season of the year; (4) to store poultry and eggs when necessary to prevent demoralization of the local market, and to provide for market needs during seasons of short production.

Pres., William H. Anderson, Port Elgin, N.B. Sec., A. R. Jones, 680 Main St., St. John, N.B.

United Maritime Fishermen, The—
Number of members, 3,300 comprised in about 150 local unions.

Objects.—In addition to study and practice of the principles of co-operation in all industrial activities, the association among other things seeks to (1) Further the interests of fishermen and all branches of the fishing industry, (2) Promote necessary and just legislation, (3) Promote social intercourse, a higher standard of community life and the study of economic and social questions bearing on the interests of fishermen as citizens, (4) Settle disputes between members without recourse to law, (5) Take into consideration any member's grievance, hardship or litigation and to defend the members as far as it may be possible and just, and (6) Stop the operation of all trawlers out of Canadian ports.

For the purposes of organization the maritime provinces are divided into 22 zones and a director represents each one; these directors constitute the central board, which in turn selects an executive committee of five.

Executive Sec., Dr. Richard Hamer, 117 Oxford St., Halifax, N.S.

DISTRIBUTIVE

This group contains the names of all associations so far as known which are engaged in the distribution of supplies to consumers. The Scottish Co-operative Wholesale Society, Limited, although classed as distributive, manufactures and produces a considerable quantity of goods in its own factories. The Winnipeg office was only inaugurated to secure a supply of wheat for the society's mills in Edinburgh and Glasgow, Scotland. The society, therefore, established a line of elevators in Canada to permit of this being done.

Maritime United Farmers' Co-operative Company—
This body was organized and incorporated in 1918 for the purpose of the co-operative wholesale buying of seeds, fertilizers, feeds, etc., for its members; and also for the cheaper distribution of commodities to the public by the establishment of retail grocery and dry goods stores in 31 centres, 19 of which are still operating.

According to a statement furnished the Department, the promoters of this company found that it could not adequately function unless the form of organization was somewhat altered. Due to its original system (operating the whole organization under one charter) the manufacturers refused to give jobbers' prices on the commodities purchased. This was owing to the opposition of the retailers and wholesale houses in claiming that the association was a retail organization. Because of the situation thus created it was found necessary in 1922 to reorganize the company by getting a charter for each individual store unit and then organizing a buying agency, known as the Eastern Brokers, Limited, to act as a central purchasing body for the above-mentioned store units. The headquarters of the Eastern Brokers, Limited, are at Fredericton, N.B., and the general manager is J. G. Kirkpatrick. The names of the branch companies, which are classed as distributive, are as follows:

ONTARIO

The United Farmers' Co-operative Company, Limited—
Organized February 17, 1914. A farmer-owned and farmer-controlled concern with shareholders numbering approximately 20,000. Capital approximately $400,000.

At the annual meeting of shareholders held in Toronto December 9, 1930, statements and reports were presented to indicate that in spite of the difficult times that prevail the Company stands in a strong position. Earnings for the year included $104,743.70 available as patronage dividends to those who shipped cream to the Company's creameries; $15,000 of a balance due to egg pool shippers and $13,011.68 for the shareholders, a total of $132,755.38. Head Office, Toronto Creamery Branch and the Produce Department are located at the corner of Duke and George Streets, and a Seed Warehouse on Church Street. In addition, creameries are operated at Wingham, Guelph, Galt, Renfrew, Arnprior, Cobden, North Bay and Bruce Mines. A Livestock Commission Department operates at the Union Stock Yards, West Toronto. Egg-grading stations have been established at about 20 points in different parts of the Province. Poultry and eggs are handled at these centres and also on consignment at Toronto, Wingham and Montreal (where a branch office of the Company is located at 716 St. Paul Street West). An Egg Pool is put into operation every spring with eggs taken in on an initial cash payment of approximately 75 per cent of the market price at time of delivery, and a final distribution of proceeds when the eggs are all sold in the late fall or early winter. Only extras and firsts go into storage for pooling. Those not fit for storage are sold outright and remittance of the proceeds is made promptly. The company makes approximately one-tenth of Ontario's total butter output in its nine creameries. Patrons receive payments twice a month almost on a par with total prices allowed by competitors and twice each year (March 31 and

MARKETING AND DISTRIBUTIVE—*Continued*

September 30) surplus earnings from the creamery branches are distributed in the form of patronage dividends. These distributions have amounted to close to $600,000 since this co-operative plan was adopted in creamery operations in 1924. The creameries at Bruce Mines and North Bay have been financed by farmers in these two localities. The total sales of livestock handled by the company during the year amounted to $11,441,562.60, or a weekly turnover of over $220,000. Deliveries by truck for the year amounted to $1,543,062.64. A considerable part of the total volume comes from co-operative marketing units organized under contract in Brant, Oxford, Elgin, Middlesex, Perth and Lambton Counties, with over 3,500 members. Contract signers at a shipping centre elect a shipping board who name an official shipper to accommodate members in assembling loads for shipment to the company. The Ontario Grain Pool, which was organized in 1927, was discontinued in July, 1931. Through this unit the Company handled deliveries of wheat for 13,400 contract signers in sixteen counties of southwestern and central Ontario on a cost basis, the selling being done through the Toronto office of Canadian Co-operative Wheat Producers, Limited, which is the central selling agency of the three Western Pools. A reorganization of the central selling agency, which included the closing of offices in Toronto and New York, left the Ontario unit without a sales agency, and the company felt that it was inadvisable to set up a pool sales agency of its own for the one year that remained of the original five-year contract. Arrangements were made to serve pool members and other grain growers on the sale of their wheat and other grains, including buckwheat, on a commission basis, as was the case prior to the organization of the pool. A Farm Products Department is maintained to assist Ontario farmers in the marketing of beans, potatoes, turnips, hay and straw. Consigned cars are handled on a commission basis. This department handles sales for a number of potato growers' associations, and also has organized two turnip-growing units, and one hay-producer unit with the object of having an assured supply to fill orders. Commodities of all kinds are supplied to local clubs and co-operative companies, or direct to farmers, but the companies direct their energies chiefly to the handling of such goods as are required in quantity each year, such as fencing, binder twine, fertilizer, seeds, flour and feed, salt, coal and coke, metal goods and shingles. The year's business totalled approximately $20,000,000, exclusive of the Grain Pool. Nine directors elected annually direct the general policy of the company.

Pres., W. A. Amos, Palmerston. Vice-pres., R. J. McMillan, Seaforth. Sec., J. J. Morrison, Cor. Duke and George Sts., Toronto 2. Gen. Mgr., H. B. Clemes, Cor. Duke and George Sts., Toronto 2.

CREDIT AND SAVINGS

QUEBEC

Co-operative People's Banks (Caisses Populaires)—

This co-operative credit and savings movement was founded in the province of Quebec by Commander Alphonse Desjardins, who, after many years' study of the subject, decided, with the co-operation of a few friends, to establish in Levis a co-operative bank known as La Caisse Populaire de Levis (The People's Bank of Levis), which commenced to function in January, 1901. With the success of this bank the movement developed until there are now many such co-operative banking associations operating in the province under the Quebec Co-operative Syndicate Act, with a membership of approximately 41,000. A central propaganda organization grouping representatives of the four district unions (Quebec, Three Rivers, Montreal and Gaspe) was formed in 1925, the president of which is Rev. Father J. R. Trudel, parish priest at St. Marc de Shawinigan, and the secretary Mr. L. Letourneau, of Three Rivers. Rev. J. R. Trudel, of Shawinigan Falls, is in charge of the general direction of the movement, Rev. P. Grondin, Levis College, Levis, being its propagandist. There are at present four districts—Montreal, Quebec, Three Rivers and Gaspe—in each of which there is a regional federation, the four federations having 215 local People's Banks identified with them. The regional federation receives the deposits of the local banks, and loans on request any money required, provided an absolute guarantee is given. The local banks and the federations were founded under and by virtue of the Trade Unions' Act of Quebec. The federation pays the expenses of advertising and inspection. Inspection is made regularly every year by competent inspectors named by the federations. It was reported that all the local People's Banks, as well as the federations, are increasing their capital every year. It is proposed that when the Montreal, Quebec, Three Rivers and Gaspe federations are firmly established, other federations will be founded.

The officers of each region, together with number of co-operative banks, are as follows:—

Montreal Region.—Organized June 27, 1924. Number of co-operatives, 32. Pres., Eugene Poirier, 7108 St. Denis St., Montreal. Sec., G. Tremblay, 7250 St. Denis St., Montreal.

SUMMARY OF BUSINESS TRANSACTED

As mentioned earlier, there are 1,132 co-operative associations whose names are published in the report, and of these 618 furnished returns of their financial standing, sales, etc., an even hundred more than supplied similar information for the 1930 volume. By groups the number of reporting associations is as follows: Productive, 42; marketing, 129; productive and marketing, 45; distributive, 241; marketing and distributive, 36; credit and savings, 8; community hall societies, 43; miscellaneous, 74. The Quebec Federated Co-operative, whose name appears in the productive group, reported total sales for its affiliated societies of $8,000,000. The Saskatchewan Co-operative Creameries, Limited, had sales amounting to $4,027,669.49. Third as to sales in the productive co-operatives is the Northern Alberta Dairy Pool, Limited, the figures being $610,764, followed by the Summerland Co-operative Growers' Association, a British Columbia society, with sales totalling $350,000.

No reports of sales were received from the Wheat Pools, which are included in the marketing group, and which for the 1930 report showed the largest sales. Of the societies in the marketing group which reported for 1931 the St. Boniface branch of the Canadian Live Stock Co-operative, Limited, had sales of $5,131,693.39. The Canadian Poultry Pool, Limited, is second with sales amounting to $4,250,000, the Fraser Valley Milk Producers' Association being third with $4,195,547.44. Other associations in this group which reported heavy transactions are the Associated Growers of British Columbia, Limited, with $3,405,256.34; United Dairymen's Co-operative, Limited, an Ontario society, with $2,110,729.45, and the British Columbia Egg and Poultry Co-operative Association, Limited, with a total sales of $2,000,807.39.

The Prince Edward Island Potato Growers' Association, Inc., reported the largest turnover in the productive and marketing group, the figures being $2,096,978.15. The Saskatoon Dairy Co-operative Marketing Association, Limited, comes second with sales of $433,227.42, the Central Alberta Dairy Pool, Limited, being third with $288,767.95. Another society in this group with heavy sales is the Comox Creamery Association, a British Columbia body, which had transactions of $280,367.34.

In the distributive group the purely Canadian association reporting the largest sales is the British Canadian Co-operative Society, a Nova Scotia body, which had a turnover in retail merchandizing of $1,583,844.27. Standing second of the Canadian societies is the Consolidated Grocers' Co-operative Association of British Columbia, which had sales of $900,000, followed by the Saskatchewan Co-operative Wholesale Society, Limited, with transactions amounting to $586,100.63, and fourth is the Workers' Co-operative of New Ontario, Limited, with retail sales of $541,122.47.

The society with the heaviest sales in the marketing and distributive group is the United Farmers' Co-operative Company, Limited, an Ontario organization, with a turnover of $20,000,000. The Fraser Valley-Surrey Farmers' Co-operative Association, a British Columbia society, reported the second highest sales, reporting transactions amounting to $468,677.69; third is the Niagara Packers, Limited, a fruit growers' society, with sales amounting to $291,362.39, and fourth is the Pincher Creek Co-operative Association, Limited, an Alberta society, with a turnover of $214,844.19.

The receipts of the co-operative people's banks in the province of Quebec for 1929, the latest year for which complete figures are available, including the balance on hand, which was $1,320,324.54, were (1) capital stock, $161,990.47; (2) savings (deposits), $15,147,018.62; (3) loans refunded, $3,853,001.88; (4) profits, $651,499.38; (5) sundries, $418,609.13. The disbursements were as follows: (1) capital stock (returned to depositors), $109,818.15; (2) savings refunded to depositors, $15,370,605.37; (3) loans made and investments, $4,249,650.06; (4) general expenses and sundries, $458,383.94; (5) dividends, $105,960.77, interest on savings, $300,215.03, leaving a cash balance on hand of $957,810.70.

In the new section of the report in which the community hall societies are segregated it should be explained that the sales column signifies rentals, and of the 43 associations which reported twelve show losses and a similar number had profits on the operations of the respective co-operative meeting places provided.

In the list of reporting associations in the miscellaneous group the society with the largest turnover is the Lloydminster and District Agricultural Co-operative Association, Limited, a Saskatchewan body, which had sales of $276,838.30; the Parkhill Farmers' Co-operative

Company, Limited, an Ontario society, shows the next highest sales, the figures being $206,000; and the third is the Flos Farmers' Co-operative Company, Limited, another Ontario society, which reported a turnover of $150,074.50.

The table following, which is arranged in the same manner as the directory of co-operative associations, shows (1) the names of the associations, (2) paid-up capital, (3) assets, (4) sales of past year, (5) general liabilities, (6) profit or surplus, (7) loss, (8) reserve, and (9) unapportioned profits:
